

Packing Checklist

Including the things people forget until they are standing at 10,000 feet in shorts.

ESSENTIAL

- ☐ Mineral sunscreen (zinc oxide or titanium dioxide only)
- ☐ Rash guard, better than sunscreen, never washes off
- ☐ Hat and sunglasses
- ☐ Reef or water shoes for rocky entries
- ☐ Light rain jacket
- ☐ Walking shoes with grip, trails are muddy
- ☐ Reusable water bottle
- ☐ Dry bag for boat trips

EASY TO FORGET

- ☐ Motion sickness remedies for Hāna and boats
- ☐ Antiseptic and plasters, reef cuts infect
- ☐ Any prescriptions, in original packaging
- ☐ Portable charger
- ☐ Downloaded offline maps
- ☐ Cash for farmers markets and food trucks

IF A SUMMIT IS ON THE LIST

- ☐ Warm layers, near freezing at both summits
- ☐ Gloves and a hat for sunrise
- ☐ Head torch
- ☐ Printed reservation and photo ID matching the name

LEAVE AT HOME

- ☐ Snorkel gear, cheap to rent, bulky to carry
- ☐ Beach towels, accommodation provides them
- ☐ Formal clothes, almost nowhere requires them
- ☐ Chemical sunscreen, banned for use on Maui

The sunscreen rule that catches people out

Hawaii bans the SALE of oxybenzone and octinoxate. Maui County bans the USE of any non-mineral sunscreen without a prescription. Mineral only is legal everywhere in the state.
